THE SNOT EDITION

I know Enza is a sunburned bunny, but what color would you make them? What pattern do you think should go on Enza's Hawaiian shirt? Color in my bunny buddy and have a grownup post it with #helpenzaout, #comfycrew, #piperandenza, and we will share your creation on our platforms.

## Enza's Story:

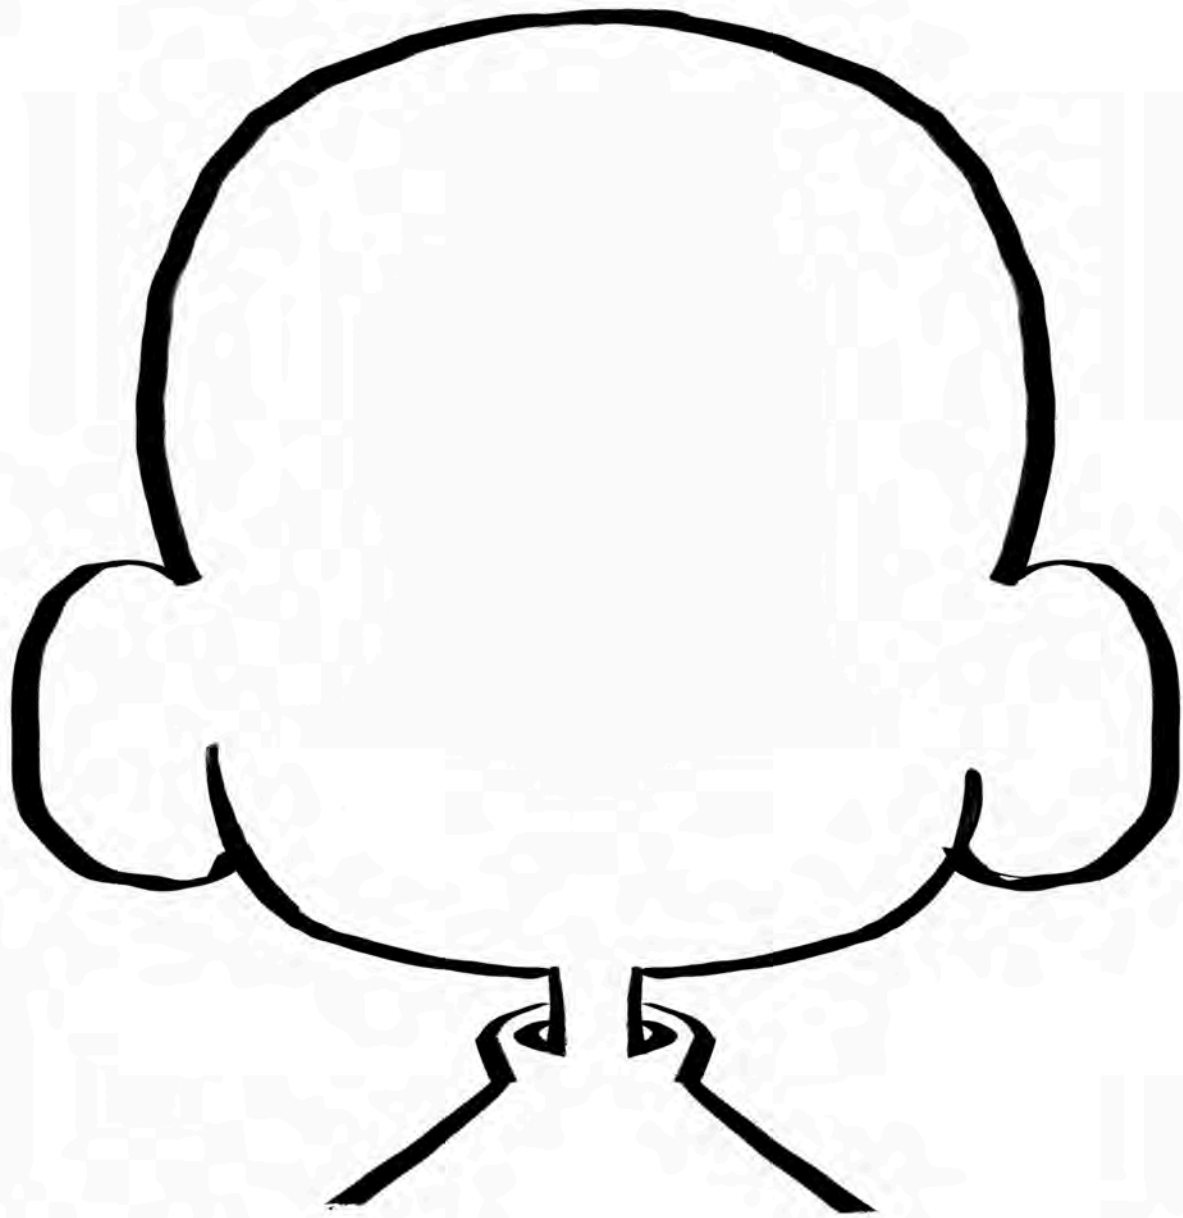

This is my story about Enza. Fill in the missing words to see how silly the story can be.

This is Enza! I found Enza in the gift shop of the \_\_\_\_\_. They were on sale for \_\_\_\_\_ percent off. I had to save them. Enza is originally from the tropical state of \_\_\_\_\_. That's why they always wear a Hawaiian \_\_\_\_\_. Enza is also sunburned, that's why they are \_\_\_\_\_. When Enza gets \_\_\_\_\_, their imagination takes over. Sometimes they imagine \_\_\_\_\_ dragons or wild \_\_\_\_\_. Sometimes they imagine flying into outer space on a \_\_\_\_\_. Most of all, Enza wants to \_\_\_\_\_ their friends to make them feel \_\_\_\_\_.

Symptoms are the stuff and things you feel when you are sick.

What are your symptoms? Draw or write them using this funny head.

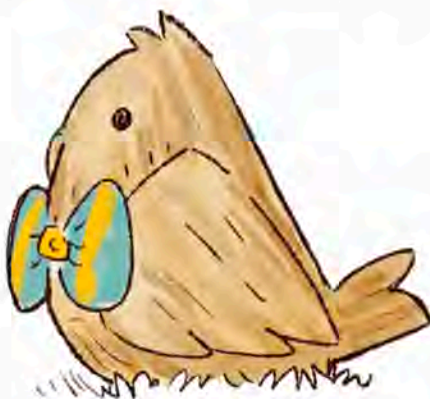

MY NAME IS \_\_\_\_\_

## Bird's Story:

This is my story about Bird.

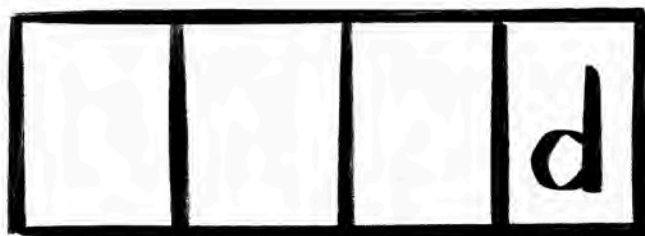

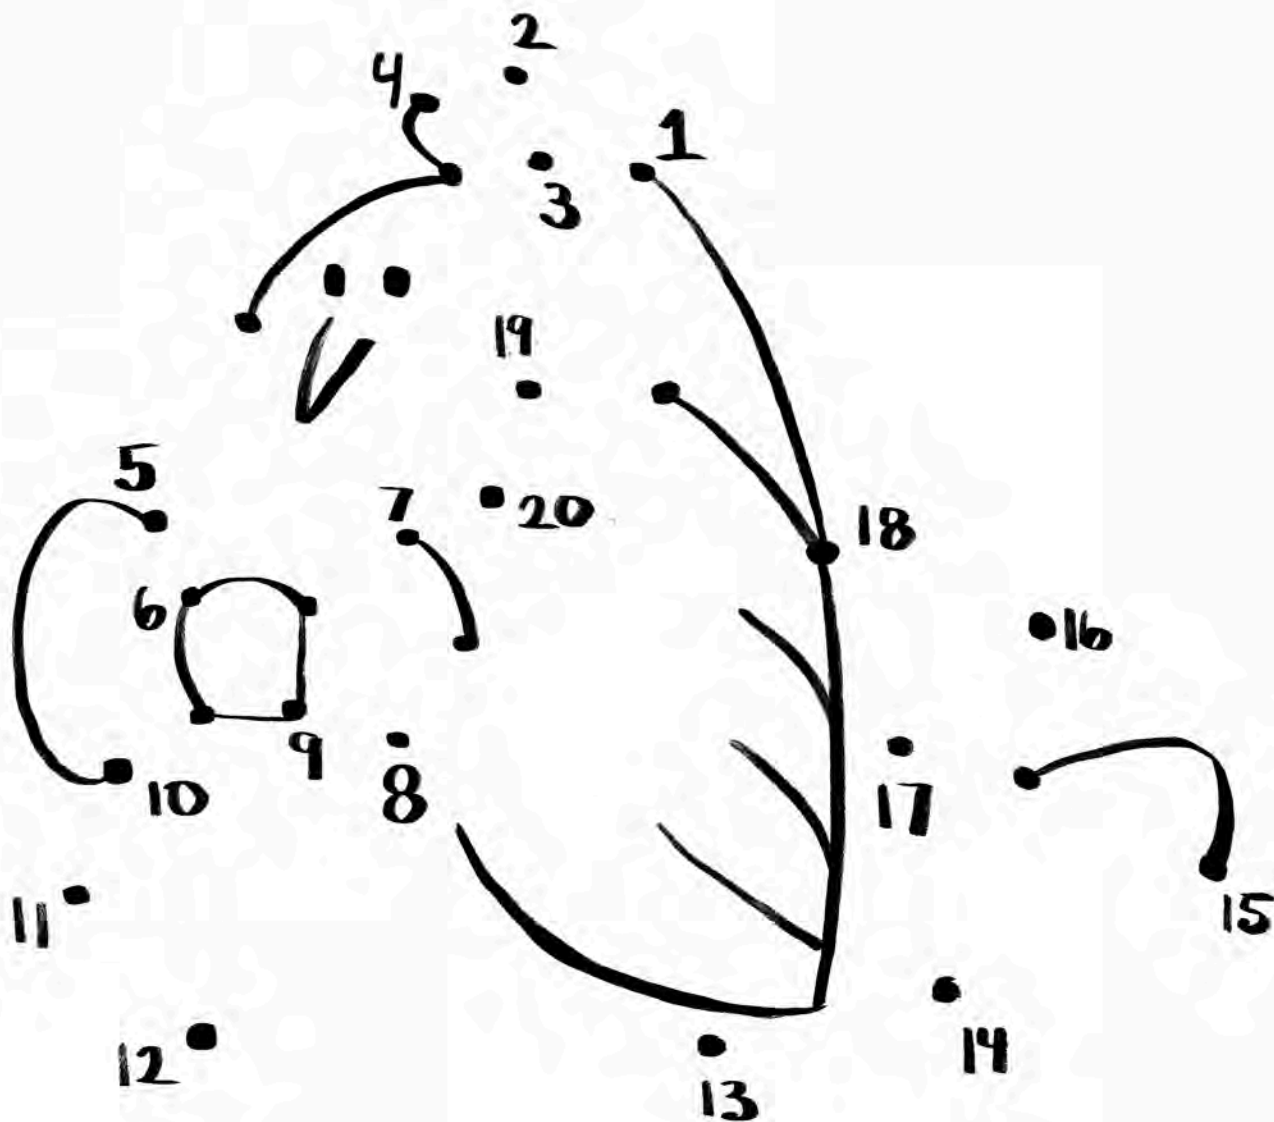

Fill in the missing words to see how silly the story can be.

This is Bird! My Grams made them out of \_\_\_\_\_ (noun). Gramps helped by adding a colorful \_\_\_\_\_ (noun). They gave me Bird when I had to spend the night at the \_\_\_\_\_ (place) when I was sick. Bird is a good listener. They always lend a \_\_\_\_\_ (body part) if you want to talk. When my friends are feeling \_\_\_\_\_ (emotion), I give them Bird to cheer them up. Bird is \_\_\_\_\_ (adjective), and feels good when you hold them in your \_\_\_\_\_ (body part). Bird is the best wooden \_\_\_\_\_ (animal) a kid could have.

Let's have some fun by drawing what your snot  
looks like. Don't forget the boogers. Gross!

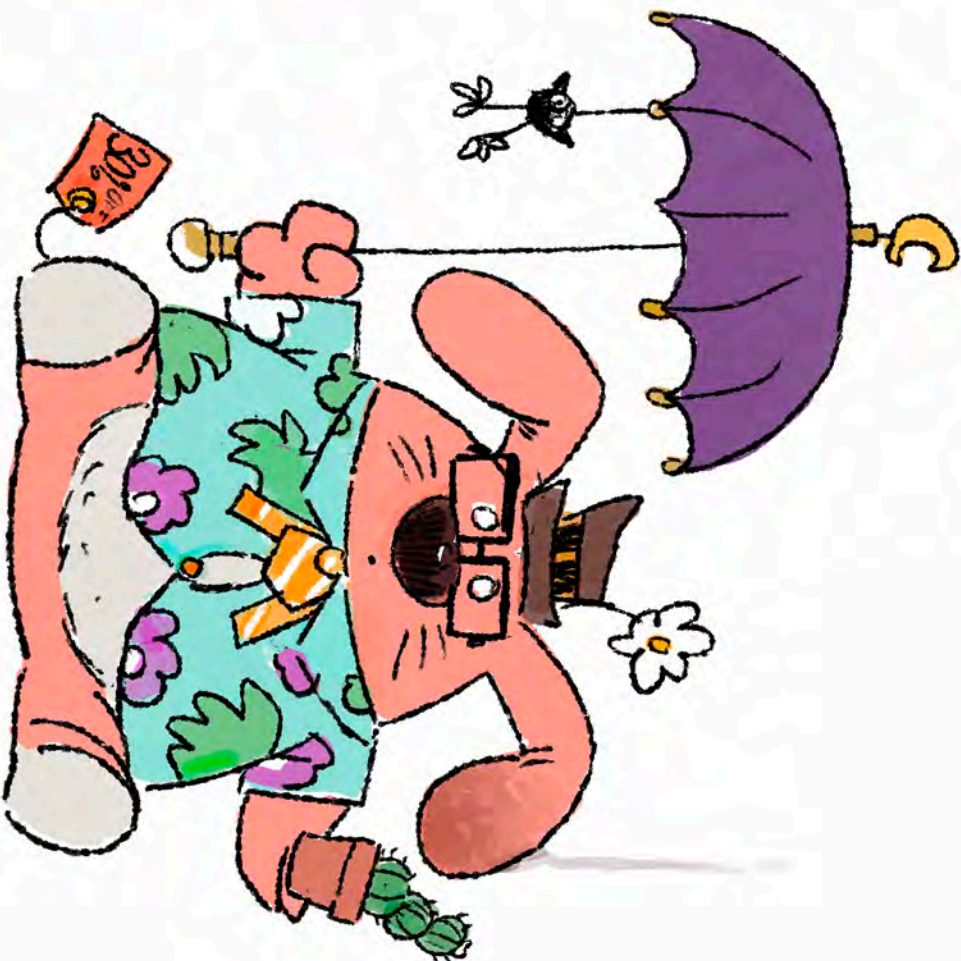

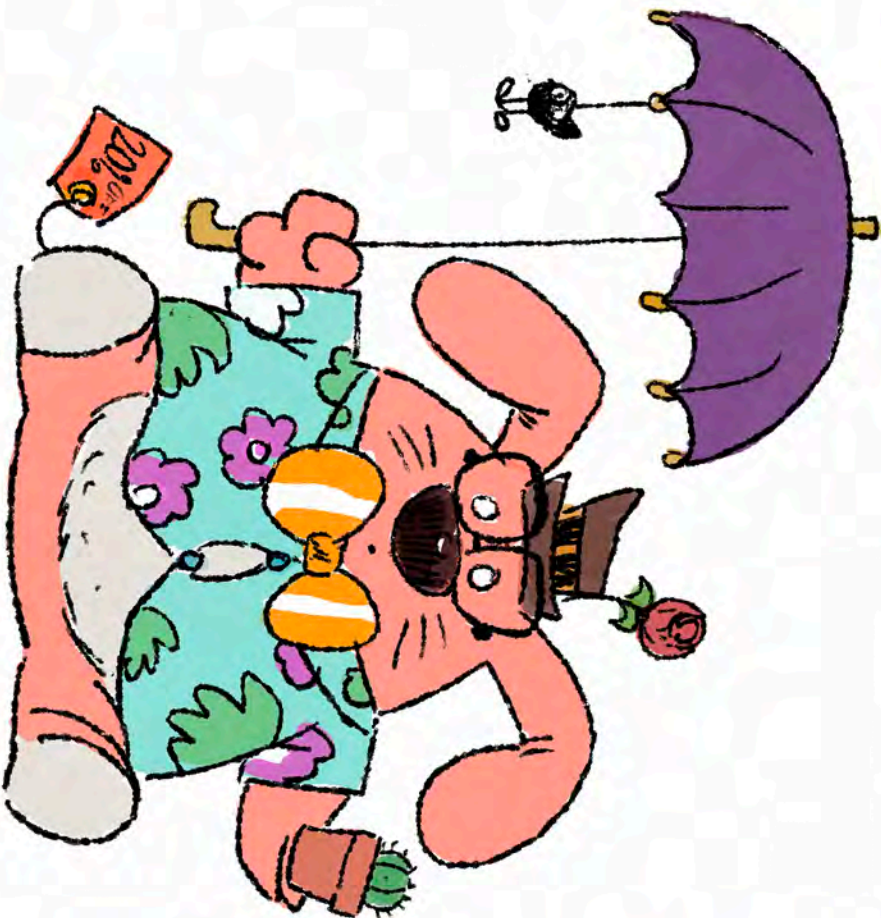

Snot gets everywhere. The best way to slow it is with tissue, not your sleeve.

Follow the Snot Maze to the tissues, not the sleeves.

Enza sure does look funny in their outfits. Can you find all the differences between the two pictures? I bet you can!
